Dear Sir:

Applicants recently received a "Notice of Drawing Inconsistency With Specification" paper in connection with the above-identified patent application. In that Notice, the Office pointed out that the drawings filed on March 3, 2000 did not include a "Figure 7E" which was listed in the Brief Description of the Drawings in the specification.

Applicants have tendered an Amendment After Notice of Allowance herewith in response to the Notice of Drawing Inconsistency with Specification. It is respectfully submitted that the Brief Description of the Drawings portion of the specification filed on March 3, 2000 contained a typographical error wherein

"Figure 7E" should have read Figure 7D.

The Amendment filed herewith does not affect the substantive portions of the specification or this application and addresses only a typographical error.

No fees are believed due. However, if any fees are due, authorization is hereby granted to charge any fees due or credit any overpayment to Deposit Account No. 09-0460.

It is respectfully submitted that this paper is fully responsive to the Notice of Drawing Inconsistency With Specification mailed from the Patent Office on June 1, 2005 in connection with this matter.

Respectfully submitted,

FAY, SHARPE, FAGAN,
MINNICH & McKEE, LLP
